## Kio Kio School – Out-of-Zone Enrolments – 2026

Enrolment at Kio Kio School is governed by an enrolment scheme. The number of places depends on the number of applications received from students who live within the school's home zone. The Kio Kio School Board of Trustees has determined that the number of places are likely to be available for out-of-zone students in 2026 is 10 places available across the year levels.

In 2026, there will be five out-of-zone enrolment periods.
